Take Control of Your Agency's Financial Health Today!

You may know Knight CPA Group as experts for home health and hospice Medicare cost reporting—but that's not all we do. For more than 20 years, our team has streamlined cost reporting. Now, as the industry experiences margin pressure, we are providing essential advisory services to help our clients improve their financial health. Do you know the following KPIs for your agency? If not, we can help you not only know what they are, but what they *mean*, too.

- Cost per visit/day
- Revenue & margin trends
- Budget vs. actual
