# ENSURING COMPLIANCE WHILE YOU GROW

Axxess is educating the industry and our clients on how to successfully transition to the Patient-Driven Groupings Model. In addition to our PDGM Success Seminars held nationwide, Axxess partners with industry thought leaders to deliver live webinars, on-demand content and numerous resources and educational tools to help agencies thrive in 2020 and beyond.

## AXXESS CLIENTS ARE READY FOR PDGM

Axxess' home health software offers clients robust PDGM solutions that ensure compliance, facilitate business growth, streamline operations, reduce costs and improve patient outcomes.

- ▶ **PDGM CENTER** – Displays targeted insights into the Patient-Driven Groupings Model with real-time aggregate data. Using the information in the PDGM Center, organizations can analyze critical components of PDGM, develop data-driven business decisions, review the impact of patient care, and assess the impact of PDGM on revenue.
- ▶ **PDGM DASHBOARD** – Provides meaningful insights at the patient level, helping to increase operational efficiency and improve patient outcomes through data-driven clinical decisions and collaborative case management.
- ▶ **PDGM BILLING CENTER** – Enables management of all billing processes from a central location, including 30-day RAP and final claim creation, and non-payment RAP submission for a seamless transition.
- ▶ **WORKFLOW AUTOMATION** – System-wide workflow automation features have been integrated throughout the home health solution to streamline an organization's operations. Features include real-time OASIS validations, orders-driven scheduling, change in focus forms, questionable encounter code alerts, wound management and billing automation.
